EXAMINER'S COMMENT

Claim Objections - 35 USC § 112

Applicant's comments regarding the objection to claim 2 as set forth in the previous office action of June 9, 2004 are persuasive and the objection is withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 4, line 31, please change "an eighth step of adjusting position of the second bonded prim" to - - an eighth step of adjusting position of the second bonded prism --.

Allowable Subject Matter

Claims 1-8 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Art Unit: 2851

The prior art of record neither shows nor suggests a dichroic prism comprising all of the elements of claim 1 and in particular the following limitations:

“the second bonded face and the fourth bonded face are arranged in the same plane, and

the third bonded face is deviated from the first bonded face by a predetermined distance”.

The prior art of record neither shows nor suggests a dichroic prism manufacturing method comprising all of the steps of claim 4 and in particular the eighth step as claimed.

The examiner interprets claim 8 to include each and every limitation of claim 4.
